

## Thirty Seven Signature Package

*This includes:*

- \* 10 piece horn section*
- \*state of the art sound and lights*
- \*customized song list*
- \*and much more!*

### **Band Set Times**

4 hour block of time - Three (3) 1 hour sets with 30 minute breaks is standard, but we can work around your event timeline.

### **PA System**

We upgrade our sound system every year so that our sound is the best you can get. We have state of the art Speaker system, as well as in-ear monitors so the only volume you will hear is what comes through the speakers. It's crystal clear, dynamic, ...and not too loud for grandma! Our PA system is also available for you to use to make announcements.

### **Break Music**

We like to keep the party going, even during our breaks, so we put on dance music played through our PA System that guest can dance too, while we take our break!

### **Stage Lighting**

What's a party without proper party lighting?? Our stage lighting system includes, **8 LED stage wash lights, 4 moving head stage lights**, and effect lasers that make the stage and dance floor come to life.

### **Playlist**

As an option, you can also customize your party music by picking out specific songs from our **playlist** that you want to make sure we play. You can also pick songs that you **DON'T** want us to play.

### **Emcee**

Our lead singers do an excellent job of being Master of Ceremonies. They keep everything flowing smoothly through out the night and are able to make **any announcements and introductions you may need throughout the night.**

## Thirty Seven Platinum Package

*This includes EVERYTHING in our Standard Package and the following...*

### Live DJ

This is one of the more popular options. A live DJ will keep your party going while the band takes it two breaks. Instead of just having the band press play on an iPod, the DJ will interact with the audience and take requests.

### Second Line Brass Band

Get a taste of New Orleans by having part of the band conduct an authentic 2nd line. The 2nd line includes Bass Drum, Snare, Tuba, Sax, Trumpet, and Clarinet. The price is dependent on the distance the 2nd line travels.

## Jazz Quartet

Have a jazz quartet play standards for your cocktail hour or the first part of your reception as guest arrive, prior to the band beginning its scheduled performance.

## Mirror X Booth

***The world's most extraordinary photo booth!!!***

The Mirror X Booth is a portable magic mirror that manifests photo booth advances demanded by the events market: Incredible WOW factor with a breathtaking, 6 feet tall, all-mirror design; Pristine quality with tempered glass and an all-aluminum body; Effortless movement with smart omni wheels; Complete with the most advanced software.
